Ohio Men’s Action Network

The mission of the Ohio Men’s Action Network is to end relationship and sexual violence in Ohio.

The Ohio Men’s Action Network (OHMAN) is a network of men and women, as individuals and as representatives of local and state organizations, working to engage men and boys in efforts to prevent sexual violence; sexual exploitation; domestic, intimate partner, family and relationship violence and to promote equitable, non-violent relationships and a culture free of oppression.

We seek to create and support communities where all people can live free of violence within their relationships, and share in their commitment to respect, safety, and equality.

Changing the Culture

For men in Ohio “The New Playbook” is an opportunity to develop skills to support healthy relationships, healthy masculinity, and to actively challenge the culture that supports sexual & relationship violence in Ohio.

Who should attend this training? Men!

- Fathers
- College & University Men
- Youth Leaders
- Advocates
- Coaches
- Educators
- Faith leaders and Clergymen
- Professionals
- Elders

...and other men (and women) who want to be an active part of changing the culture of violence in Ohio.

Why Men?

One in four women in the United States will experience domestic violence, dating violence, sexual assault, and/or stalking during their lifetime. Through education and mobilization, men play an important role in making the world safer for women and girls as well as other men and boys in their lives.

OHMAN firmly believes that while most men are not violent, many men do not know how to begin to address violence in their communities. By providing men with a wide range of opportunities and options to get involved, men will understand their crucial role in ending violence, know how to stand up, and take action to bring an end to gender based
