We are happy to be able to provide you with a safe place to stay. Please be sure to review the following information below and contact your program advocate with any questions or concerns.

All hotel guests and their children must abide by all hotel policies and safety procedures.

- No smoking in non-smoking rooms or in Non-smoking areas

Your safety and healing is our top priority, we encourage all survivors to be mindful of who they share their location and space with, as well as being mindful of the hotel property. If damages of no fault of your own happen during your stay, please notify your advocate as soon as possible.

Please make sure you have the contact information to your program advocate and remain in contact with them during your stay.

If changes to hotel accommodation are needed please reach out to your program advocate.

Please follow and abide by any guidelines addressed by the program advocates and/or hotel management or staff.
